- > Welding trusses
- > Putting trusses up

Other things that the team was involved in or accomplished:

- > Children's ministries
- > Women's ministries
- > Clothing distribution

## Testimonials:

"I'm reminded once again how blessed we are, and how only God can break down and soften the hearts of the people in Babicora! Three years ago not many smiles ... now they really smile and it makes me realize that God is changing hearts not us!"

"People need relationships ... we are building a building but God is building relationships! We need to focus on spending time with local Babicorians so they trust us and trust the God we serve."

"I hope to be much more aware of the excesses we have at home."

"[One thing I will do differently is] change my priorities."

"It [this trip] has made me want to learn Spanish very well so I can go back and build relationships of my own with these people-lasting relationships. Let them know that God loves them very much and wants to show them how much."
