Emergency Relief, March 2008

In response to the tragedy that resulted from the December 2007 elections, funds were sent to relieve some of the immediate pressure from the exorbitant increase in the cost of living. The distribution team was prepared to handout 100 relief packages, each lasting approximately one month, divided between four areas; however, rations had to be made smaller to meet the needs of the overwhelming numbers that showed up.

✓ Details

- > The relief packages were distributed March 24–28
- > The distribution team included: Pastor Richard, Edgar, three board members of Gospel Power World Harvest Ministries, a government official and representation from each of the four areas
- > The distribution included: mosquito nets, tea leaves, sugar, blankets, soap, salt, oil, cereal mix, dry beans and dry maize
- > Crowd control was provided by local authorities and was needed in several areas as there was more need than supplies
- > Over 700 families received rations, lasting about a week
